
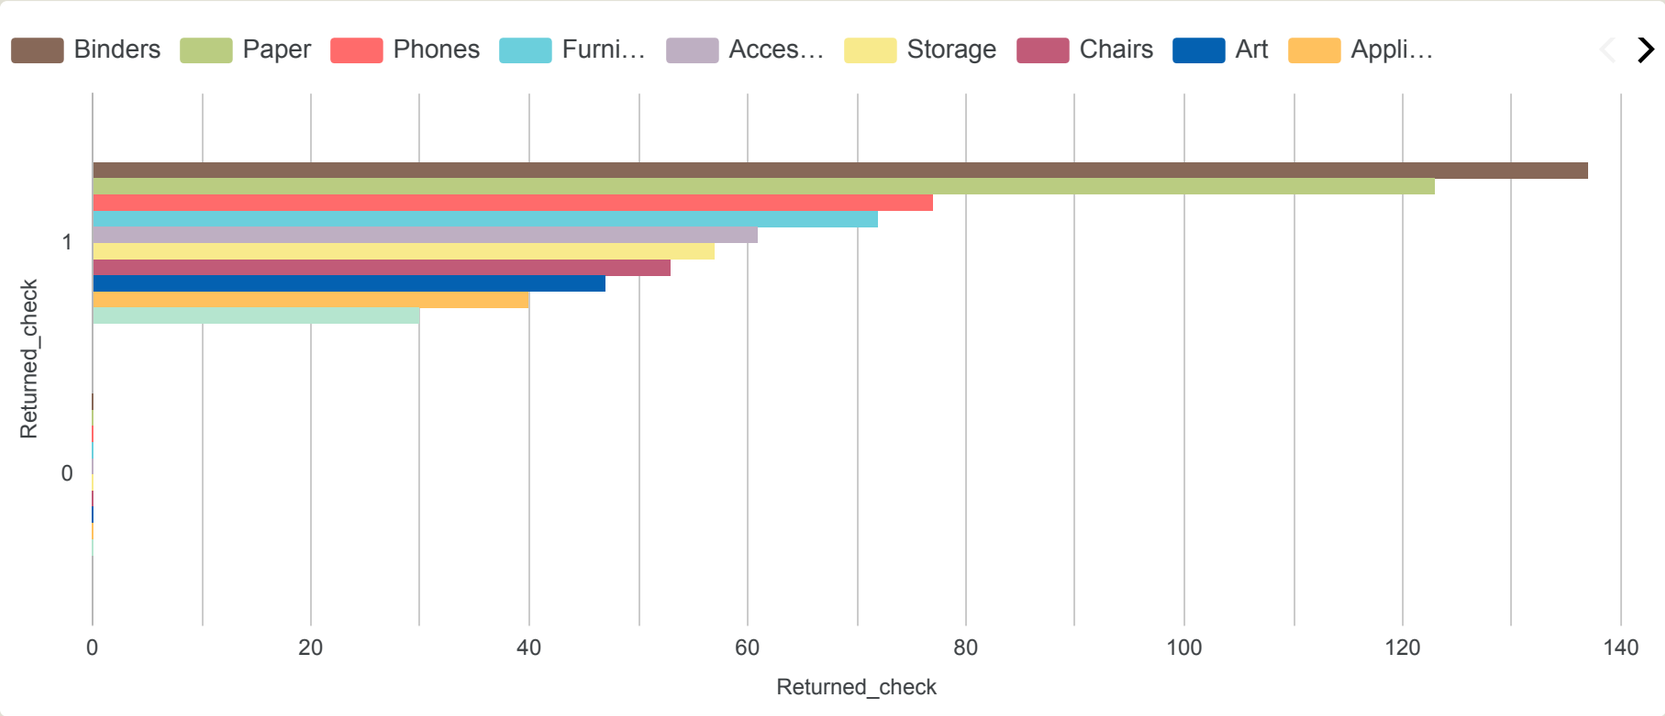
Note:

1. Standard items like 'Paper' and 'Binders' unexpectedly show a high rate of long lead times (>7 days).

2. For basic consumables, these delays usually point to poor inventory forecasting and stockouts, rather than shipping issues.

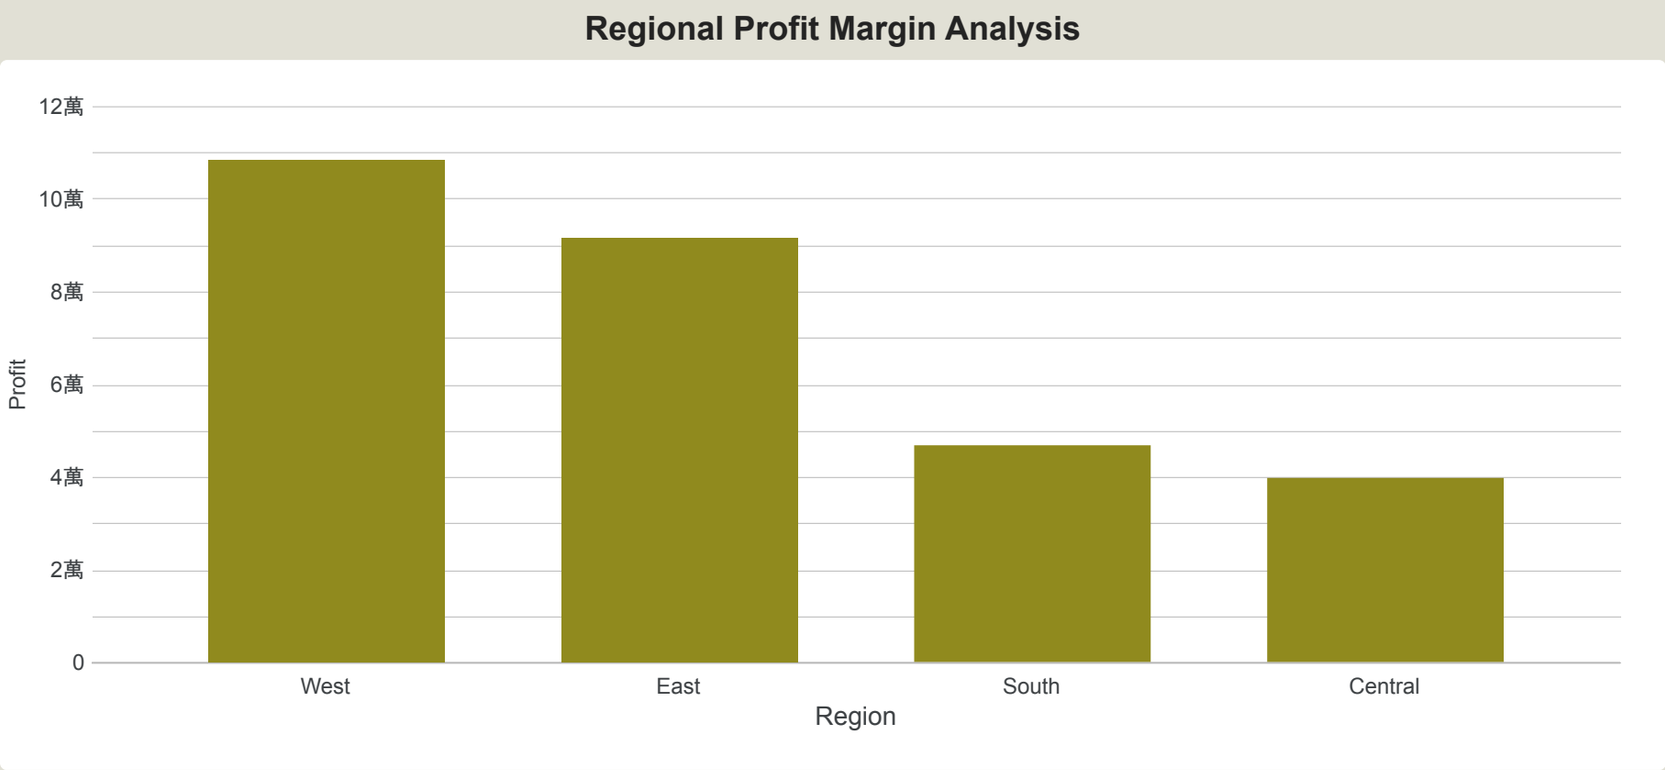
Total Return Cases by Product



Note:

1. Binders and paper are the top contributors to our total return volume.

2. This drives up unnecessary operational costs and shows a clear need to improve supplier quality.



Note:

1. The West and East regions are the main drivers of the profit.

2. Regions with low profit need a closer look at their operation and delivery cost to develop cost-reduction strategies.
